New Pop-Up Display System!

Low Cost Way to Capture & Keep the Initial Desired Attention of Your Audience!

Classrooms • Conferences • Events • Exhibits • Field Briefings • Meetings

A high impact, eye-catching portable display system from MedVantage!

State-of-the-art Velcro® system to improve the overall effectiveness of your presentations and maximize the use of your existing marketing tools. Modular system enables you to place your existing graphics as you wish to suit the presentation situation. The frame itself provides a multi-use foundation to support other components including interchangeable fabric faces, front & back displays, end panels, markerboards, foamboards & projector screen surface options.

Incredibly fast to set-up and use!

Light n' easy to carry in provided oversized travel bag.

Best quality pop-up frames! Durable 5/8" diameter, ultra lightweight aluminum alloy in an anodized matte satin finish. Unbreakable fiberglass filled hubs. Wide Velcro® hook band on entire perimeter of one side of frame

Pop-up frames are constructed in a full range of popular size floor or tabletop models. Frames may be purchased by themselves or in kit form with your choice of either a fabric graphic face or Velcro® compatible face. Kits include a frame, face and travel bag. Frames sold individually also include travel bag.

Custom Fabric Graphic Faces

High-impact dye sublimated polyester stretch fabric custom printed from your supplied digital file artwork. May be purchased individually or as part of frame kit. High impact 600 dpi dye sub printing of your ready artwork on a virtually "wrinkle free" polyester stretch fabric that is water resistant and fire retardant. Colors and image will not fade. Material can be hand washed and ironed.

Velcro® Compatible Faces

Reusable Velcro® compatible backgrounds for mounting laminated inkjet prints, foamboard, posters and related lightweight artwork. Available in blue or black. May be purchased individually or as part of a frame kit.

Accessories

Halogen lights and an oval podium case with wheels are also available. Inquire about other exhibit display & banner products.

Frame Model #	Display Wall Size	Style	Graphic Size	Wt. (lbs.)
